Dear Joe,

I would like to thank you for your help in my search for a roommate. Your match was right on the mark. We hit it off immediately and my search was over. Being new to Dallas I really felt out of place and did not know where to look. I thank you for treating my situation with respect and a professional manner. I knew that you cared about your clients because of your constant follow-up with my situation. I feel confident that if this situation ever surfaces again I could look to you for resolution.

Please feel free to use me as a reference when others come to you in search of a new roommate. Thanks again for all you did for me.

Sincerely,
